CONTENTS OF VOLUME 9

Volume 9 Number 1

J. W. Hadden — 1 — Editorial

Research Papers

M. Hauck, T. Fülöp Jr, G. Fóris and A. Leövey — 3 — Divergent effects of human lymphokine derived oligopeptides on PMNLs function of young and aged healthy subjects.

S. C..Gilman, R. P. Carlson, J. F. Daniels, L. Datko, P. R. Berner, J. Chang and A. J. Lewis — 9 — Immunological abnormalities in rats with adjuvant-induced arthritis—II. Effect of anti-arthritic therapy on immune function in relation to disease development

J. Ng, B. Fredholm, M. Jondal and T. Andersson — 17 — Characterization of PHA and anti-T3 induced transduction mechanisms in a human T-cell leukaemia line

J. M. Krueger, C. A. Dinarello, S. Shoham, D. Davenne, J. Walter and S. Kubillus — 23 — Interferon alpha-2 enhances slow-wave sleep in rabbits

L. H. Li, T. L. Wallace, R. D. Hamilton and T. F. DeKoning — 31 — Pharmacological evaluation of combination therapy of P388 leukemia with cyclophosphamide and pyrimidinones

L. J. Robichaud, S. F. Stewart and R. L. Adolphson — 41 — CI-922—a novel, potent antiallergic compound—I. Inhibition of mediator release *in vitro*

R. L. Adolphson, M. P. Finkel and L. J. Robichaud — 51 — CI-922—a novel, potent antiallergic compound—II. Activity in animal models of allergy

Short Communication

G. Verbruggen, L. Herman, C. Ackerman, H. Mielants and E. M. Veys — 61 — The effect of low doses of prednisolone on T-cell subsets in rheumatoid arthritis

Immunotoxicology

Research Papers

M. Ghoneum, G. Gill, A. Wojdani, C. Payne and L. J. Alfred — 71 — Suppression of basal and *Corynebacterium parvum*-augmented NK activity during chemically induced tumor development

E. Tubaro, C. Santiangeli, L. Belogi, G. Borelli, G. Cavallo, C. Croce and U. Avico — 79 — Methadone vs morphine: comparison of their effect on phagocytic functions

R. V. House, L. D. Lauer, M. J. Murray and J. H. Dean — 89 — Suppression of T-helper cell function in mice following exposure to the carcinogen 7,12-dimethylbenz[a]anthracene and its restoration by interleukin-2

C. T. Schnizlein, A. E. Munson and R. A. Rhoades — 99 — Immunomodulation of local and systemic immunity after subchronic pulmonary exposure of mice to benzo(a)pyrene

Volume 9 Number 1 (*Contd.*)

M. J. Taylor, B. J. Hughes and R. P. Sharma — 107 — Dose and time related effects of T-2 toxin on mitogenic response of murine splenic cells *in vitro*

Announcement — 115 — Fifteenth ISOBM Meeting

An Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 9 Number 2

E. Morel and M. Guyot — 117 — Immunosuppressive properties of new side chain sterol hydroperoxides and of the corresponding alcohols

J. M. Neuberger, J. G. Kenna and R. Williams — 123 — Halothane hepatitis: attempt to develop an animal model

M. Scudeletti, C. Piccardo, P. Piovano, B. Imbimbo and F. Indiveri — 133 — Effects of a new heterocyclic glucocorticoid, deflazacort (DFC), on the functions of lymphocytes from patients with rheumatoid arthritis (RA)

W. E. Fogler and I. J. Fidler — 141 — Comparative interaction of free and liposome-encapsulated nor-muramyl dipeptide or muramyl tripeptide phosphatidylethanolamine (^{3}H-labelled) with human blood monocytes

M. Pallardy, G. F. Alberici, J.-J. Dessaux and C. Bohuon — 151 — Polyclonal antibodies to elliptinium acetate: structure–activity relationships and comparison with human anti-elliptinium IgM

J. G. Henrotte and G. Riveau — 157 — Differential effect of MDP treatment on magnesium in rat tissues

Z. T. Handzel, Y. Berner, O. Segal, Y. Burstein, V. Buchner, M. Pecht, S. Levin, R. Burstein, R. Milchan, Z. Bentwich, Z. Ben-Ishai and N. Trainin — 165 — Immunoreconstitution of T-cell impairments in asymptomatic male homosexuals by thymic humoral factor (THF)

D. Baker, K. Karcher, A. V. Antoniou, J. L. Turk, B. T. G. Tan and R. J. Scheper — 175 — Changes in lymphocyte subsets after treatment with cyclophosphamide and during the development of contact sensitivity in the guinea pig

P. L. Meroni, W. Barcellini, G. Sguotti, F. Capsoni, R. Palmieri, G. Guidi and C. Zanussi — 185 — Immunomodulating activity of RU 41740: *in vitro* and *in vivo* studies on human lymphocytes

Volume 9 Number 2 (*Contd.*)

J.-Y. Leroux, G. Mercier and D. Oth — 191 — Drug-concentration dependent sensitivity to lysis by antibody and complement, of adriamycin- or mitomycin- treated murine lymphoma cells

K. Hamprecht, R. Handgretinger, W. Voetsch and F. A. Anderer — 199 — Mediation of human NK-activity by components in extracts of *Viscum album*

C. F. Scott Jr, J. M. Lambert, V. S. Goldmacher, W. A. Blattler, R. Sobel, S. F. Schlossman and B. Benacerraf — 211 — The pharmacokinetics and toxicity of murine monoclonal antibodies and of gelonin conjugates of these antibodies

J. L. Medzihradsky — 227 — Synergism of 3-deazaadenosine with some FC receptor ligands in the inhibition of antibody-dependent phagocytosis

G. Antonelli, M. Santiano, P. Romano, V. Colizzi and F. Dianzani — 237 — Inhibition of contact sensitivity to oxazolone by the calmodulin inhibitor trifluoroperazine

I. Nakatomi, K. Nakamura, K. Furukawa and A. Koda — 243 — Inhibition of delayed hypersensitivity reactions by a new agent, cis-1-methyl-4-isohexylcyclohexane carboxylic acid (IG-10)—II. The mechanism regarding the action on lymphokines

Immunotoxicology
Short Communication
M. T. Kenny — 257 — Effect of rifampin and its cyclopentyl analogue, MDL 473, on the expression of delayed type hypersensitivity to oxazolone

An Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 9 Number 3

Research Papers
E. R. Sherwood, D. L. Williams, R. B. McNamee, E. L. Jones, I. W. Browder and N. R. Di Luzio — 261 — Enhancement of interleukin-1 and interleukin-2 production by soluble glucan

F. Zavala and M. Lenfant — 269 — Peripheral benzodiazepines enhance the respiratory burst of macrophage-like P388D$_1$ cells stimulated by arachidonic acid

W. Englberger, D. Bitter-Suermann and U. Hadding — 275 — Influence of lysophospholipids and PAF on the oxidative burst of PMNL

S. Yeung, G. Pang, A. W. Cripps R. L. Clancy and J. H. Wlodarczyk	283	Efficacy of oral immunization against non-typable *Haemophilus influenzae* in man
A. Koda, Y. Ono, T. Nishiyori, H. Nagai, N. Matsuura, A. Mase and T. Matsuyama	289	Immunopharmacological studies of Wen-Qing-Yin, a Chinese blended medicine: effects on type IV allergic reactions and humoral antibody production
P. M. Burton, B. L. Horner, G. H. Jones, T. Lin, J. J. Nestor Jr, S. R. Newman, T. L. Parks, A. J. Smith and A. White	297	Immuno-enhancing activity of the amino-terminal domain of human prealbumin: isolation, characterization and synthesis
M. Lyte, R. H. Blanton, M. J. Myers and P. H. Bick	307	Effect of *in vivo* administration of the carcinogen benzo(a)pyrene on interleukin-2 and interleukin-3 production
J. K. Youn, B. S. Kim, J. S. Min, K. S. Lee, H. J. Choi, Y. B. Lee, D. W. Lee, E. H. Koh, K. W. Kim, K. B. Lee and A. M. Michelson	313	Adjuvant treatment of operable stomach cancer with polyadenylic.polyuridylic acid in addition to chemotherapeutic agents. Differential effect on natural killer cell and antibody-dependent cellular cytotoxicity
Z. Valinger, B. Ladešić, I. Hršak and J. Tomašić	325	Relationship of metabolism and immunostimulating activity of peptidoglycan monomer in mice after three different routes of administration
F. Antoni, N. N. Luat, I. Csuka, I. Oláh, A. Soóki-Tóth and G. Bánflavi	333	The immunosuppressive effect of acute doses of emetine on murine thymic cells
P. Miller, G. J. Watt and C. J. Elson	341	Pharmacological modulation of erythrocyte autoimmune reactions in mice
W. K. Podleski	349	Selective inhibition of antibody-dependent allergic autocytotoxicity of OM-89, in patients with bronchial asthma and urticaria having food allergy toward wheat
T. A. Abdul Hamied, D. Parker and J. L. Turk	355	Effects of adriamycin, 4-hydroperoxycyclophosphamide and ASTA Z 7557 (INN mafosfamide) on the release of IL-2 and IL-1 *in vitro*
S. Pross, T. Klein, C. Newton and H. Friedman	363	Differential effects of marijuana components on proliferation of spleen, lymph node and thymus cells *in vitro*
A. Trešćec, S. Iskrić, Đ. Ljevaković, I. Hršak and J. Tomašić	371	The effects of immunomodulating peptidoglycan monomer and muramyl dipeptide on hepatic microsomal UDP-glucuronyltransferase and β-glucuronidase

Volume 9 Number 3 (*Contd.*)

J. A. Vilpo, T. Veromaa and E. Eerola — 379 — Effect of cytosine arabinoside on the human immunosystem: toxicity against quiescent human peripheral blood mononuclear cells *in vitro*

Short Communication
P. Gupta and A. Sodhi — 385 — Increased release of interleukin-1 from mouse peritoneal macrophages *in vitro* after cisplatin treatment

Immunotoxicology
Research Papers
K. Tasaka, R. Terao, C. Kamei, K. Hashigaki and M. Yamato — 391 — Immunological studies on delayed hypersensitivity to phenytoin—I. A new method for preparing phenytoin antiserum

K. Tasaka, R. Terao, M. Uokawa, H. Miyake and C. Kamei — 401 — Immunological studies on delayed hypersensitivity of phenytoin—II. The delayed skin reaction induced by BSA-phenytoin conjugate

T. Yoshida, T. Shimamura and S. Shigeta — 411 — Enhancement of the immune response *in vitro* by arsenic

An Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 9 Number 4

M. Roch-Arveiller, A. El Abbouyi, J. L. Paul, P. Smets, D. Raichvarg and J. P. Giroud — 417 — Effects exerted by RU 41740 on oxidative metabolism and migration of rat polymorphonuclear leukocytes collected after induction of one acute non specific inflammatory reaction

E.-L. Larsson, A. Joki and T. Stålhandske — 425 — Mechanism of action of the new immunomodulator LS2616 on T cell responses

T. Komori, T. Nakano and Y. Ohsugi — 433 — Alleviation of depressed immunity caused by restraint-stress, by the immunomodulator, lobenzarit disodium (disodium 4-chloro-2,2′-iminodibenzoate)

H. Yoshii, S. Suehiro, K. Watanabe and Y. Yanagihara — 443 — Immunopharmacological actions of an extract isolated from inflamed skin of rabbits inoculated with vacinnia virus (Neurotropin); enhancing effect on delayed type hypersensitivity response through the induction of Lyt-1$^+$2$^-$T cells

Volume 9 Number 4 (*Contd.*)

S. P. Montgomery and N. Dafny — 453 — Cyclophosphamide and cortisol reduce the severity of morphine withdrawal

F. Calvo, N. Jabrane, A. Faille, C. Gauville, P. de Cremoux, G. Lagier, J. P. Abita and P. Lechat — 459 — Quantitative modifications of major histocompatibility complex (MHC) antigens induced by recombinant gamma interferon in two human breast cancer lines

E. Langhoff, K. Olgaard and J. Ladefoged — 469 — The immunosuppressive potency *in vitro* of physiological and synthetic steroids on lymphocyte cultures

G. W. Cox, C. G. Orosz and R. H. Fertel — 475 — 8-Methoxypsoralen inhibits lymphocyte proliferation *in vitro* in the absence of ultra violet radiation

M. M. Reddy and M. H. Grieco — 483 — *In vitro* immunomodulatory effects of interleukin-2 and thymosin fraction V in acquired immune deficiency syndrome

I. Barasoain, M. T. Rejas, M. P. Portoles, G. Ojeda and J. M. Rojo — 489 — Isoprinosine restores *in vitro* T lymphocyte functions of cyclophosphamide immunosuppressed mice

K. Yagawa, S. Hayashi, M. Nakanishi, H. Aso, K. Ogata, M. Maruyama, Y. Ichinose and N. Shigematsu — 497 — Restoration of Fc receptor-mediated desensitization of superoxide generation in human PMN by PMA

Immunotoxicology

E. M. Spiers, R. C. Potts, J. R. M. Simpson, A. MacConnachie and J. S. Beck — 505 — Mechanisms by which barbiturates suppress lymphocyte responses to phytohaemagglutinin stimulation

I. C. Bygbjerg, M. Svenson, T. G. Theander and K. Bendtzen — 513 — Effect of antimalarial drugs on stimulation and interleukin 2 production of human lymphocytes

Announcements — 521 — The Satellite Symposium (International) on Bacterial Endotoxin

522 — 1988 UCLA Symposia on Topics Related to Immunopharmacology

In Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 9 Number 5

Research Papers

A. Aleksijevic, C. Lugnier, C. Giron S. Mayer, J. C. Stoclet, and J. M. Lang — 525 Cyclic AMP and cyclic GMP phosphodiesterase activities in Hodgkin's disease lymphocytes

Y. Ino, T. Sato, S. Suzuki, M. Iwaki and T. Yoshikawa — 533 Inhibitory effects of FUT-175, a new synthetic protease inhibitor, on intravascular hemolysis by human serum in mice

Q.-Y. Zheng, M. Wiranowska, J. R. Sadlik and J. W. Hadden — 539 Purified podophyllotoxin (CPH-86) inhibits lymphocyte proliferation but augments macrophage proliferation

M. Bonnet, G. Lespinats and C. Burtin — 551 Evidence for serotonin (5HT) binding sites on murine lymphocytes

G. Dickneite, H. U. Schorlemmer and H. H. Sedlacek — 559 Decrease of mononuclear phagocyte cell functions and prolongation of graft survival in experimental transplantation by (±)-15-deoxyspergualin

B. Rouveix, F. Groult and M. Levachar — 567 Beta-lactam antibiotics and human lymphocyte function: the *in vitro* effect on blastogenesis, lymphokine production and suppressor cell functions

S. Stošić-Grujičić, D. Lalošević and M. L. Lukić — 577 Modulatory effects of glucocorticoids on immunoregulatory functions of epidermal cells

H. H. Jepsen, H.-P. T. Ekre and S.-E. Svehag — 587 Interaction of complement-solubilized immune complexes (IC) with CR1 receptors on human erythrocytes. Polysulfated compounds inhibit IC binding and induce IC-release from CR1

S. W. Burchiel, W. M. Hadley, C. L. Cameron, R. H. Fincher, Tae-Wha Lim, L. Elias and C. C. Stewart — 597 Analysis of heavy metal immunotoxicity by multiparameter flow cytometry: correlation of flow cytometry and immune function data in B6CF1 mice

R. D. Maca — 611 The combined effect of prostaglandin E_2 and interleukin 1 on interleukin 2 production and lymphocyte proliferation

Immunotoxicology

Research Papers

A. M. Badger, M. J. DiMartino, T. C. Schmitt, B. A. Swift and C. K. Mirabelli — 621 Suppressor cell induction by the anticancer drug spirogermanium

Announcements — 631 The Satellite Symposium (International) on Bacterial Endotoxin

Volume 9 Number 5 (*Contd.*)

632 Eleventh International RES Congress and Twenty-Fourth National Meeting of the Reticuloendothelial Society

633 International Workshop on Monokines and Other Non-lymphocytic Cytokines

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 9 Number 6

Research Papers

H. H. Sedlacek, J. Ring, E. Weinmann, G. Guthöhrlein, E. J. Kanzy, P. Gronski and F. R. Seiler 635 FC fragments of human IgG may influence allergic reactions

T. Fulop Jr, D. Kekessy and G. Foris 651 Impaired coupling of naloxone sensitive opiate receptors to adenylate cyclase in PMNLs of aged male subjects

M. Giovarelli, R. Arione, C. Jemma, T. Musso, G. Benetton, G. Forni and P. Cornaglia-Ferraris 659 *In vitro* and *in vivo* immunomodulatory activity of an *N*-9 arginyl hypoxanthine derivative (PCF-39)

D. A. Hart 669 Steroids and tuftsin fail to prevent the induction of altered plasma proteinase homeostasis in mice bearing the B16 melanoma or treated with *C. parvum*

S. Rao Chavali, T. Francis and J. B. Campbell 675 An *in vitro* study of immunomodulatory effects of some saponins

L. Strzadala, D. Maccubbin, K. Ryoyama, M. J. Ehrke and E. Mihich 685 Low concentrations of thymidine modulate allogeneic responses

R. B. Zeidler, J. W. Yarbro and N. S. Conley 691 Bleomycin increases superoxide production in the most active alveolar macrophage subpopulation

W. Y. Almawi, M. G. Murphy, A. Ogbaghebriel and B. L. Pope 697 Cyclic AMP as the second messenger for prostaglandin E in modulating suppressor cell-activation by natural suppressor/cytotoxic cells

B. Y. Takesue, M. M. Bartik and M. B. Mokyr 705 Melphalan-induced appearance of potent antitumor immune reactivity in tumor bearer lymphocytes co-expressing the Lyt 2 and the L3T4 antigens

Volume 9 Number 6 (*Contd.*)

S. Shiozawa, K. Shiozawa, Y. Tanaka and T. Fujita — 719 — 1α, 25-dihydroxyvitamin D_3 inhibits proliferative response of T- and B-lymphocytes in a serum-free culture

Immunotoxicology

Research Papers

N. H. Stacey and G. Craig — 727 — Inhibition of NK and K cell function by phenothiazines

B. S. Wang, K. C. Murdock, A. L. Lumanglas, M. Damiani, J. Silva, V. M. Ruszala-Mallon and F. E. Durr — 733 — Relationship of chemical structures of anthraquinones with their effects on the suppression of immune responses

Short Communication

F. Derenne, M. Vanhaeverbeek and D. Brohée — 741 — Nifedipine-induced hyporeactivity in delayed hypersensitivity skin tests

Announcement — 745 — The Satellite Symposium (International) on Bacterial Endotoxin

An Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 9 Number 7

Research Papers

S. C. Thompson, K. M. Bowen and R. C. Burton — 747 — The effect of immunosuppressive agents on lymphocyte subsets in rat peripheral blood

I. Paegelow and H. Werner — 761 — Influence of adrenergic agonists and antagonists on lymphokine secretion *in vitro*

A. J. Wysenbeek, S. Lourie, A. Weinberger, N. Schoenfeld, A. I. Pick and M. Pecht — 769 — Immunologic alterations in MRL/1pr mice after chronic dimethyl sulfoxide administration

F. Michel, A. Rudent, C. Labarre, A. M. Quero, R. Zalisz and P. Smets — 775 — Effects of RU 41740 aerosol treatment on mouse bronchoalveolar cells, and protection afforded against influenza virus infection

F. Shihab, H. A. Azar, R. Finney, I. B. Tyson, L. E. Tenorio, N. Courtenay-Luck, A. A. Epenetos and J. W. Hadden — 783 — Intraperitoneal administration of an I^{125} labelled monoclonal antibody for localization of human colorectal cancer in the nude mouse

Volume 9 Number 7 (*Contd.*)

G. J. Rosenthal, D. R. Germolec, K. R. Lamm, M. F. Ackermann and M. I. Luster — 793 Comparative effects on the immune system of methotrexate and trimetrexate

J. L. Ceuppens and J. Desmyter — 803 Effect of prostaglandin synthesis inhibition *in vivo* on the immune response following hepatitis B vaccination in normal subjects

S. M. Filteau, E. Berdusco, K. J. Perry and B. Woodward — 811 The effect of triiodothyronine on evanescent delayed hypersensitivity to sheep red blood cells and on the primary antibody response to trinitrophenylated *Brucella abortus* in severely undernourished weanling mice

M. J. Myers and L. B. Schook — 817 Modification of macrophage differentiation: dimethylnitrosamine induced alteration in the responses towards the regulatory signals controlling myelopoiesis

A. Wojdani and M. Ghoneum — 827 *In vivo* augmentation of natural killer cell activity by *Candida albicans*

P. A. J. Henricks, F. Engels, H. van der Vliet and F. P. Nijkamp — 833 Phagocytosis and metabolism of alveolar macrophages of guinea pigs treated with *Haemophilus influenzae*

H. H. Sedlacek, K. H. Bengelsdorff, G. Hagmayer and F. R. Seiler — 841 Tumor therapy of neoplastic diseases with tumor cells and neuraminidase: experimental studies on chessboard vaccination in transplantation tumors

Short Communication

J. W. Hadden, E. M. Hadden and R. G. Coffey — 851 Interleukin II increases cyclic GMP levels in immature thymocytes and mitogen-primed T-lymphocytes

Announcement — 859 The Satellite Symposium (International) on Bacterial Endotoxin

An Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 9 Number 8

J. S. Beck, R. C. Potts, R. A. Brown and R. Deraedt — 861 — Suppression of growth of PHA-stimulated human lymphocytes by a novel steroid (RU 28 362) lacking the 21-OH group

S. K. Sundar, I. Stefanescu and J. Menezes — 869 — IgG from Epstein–Barr virus infectious mononucleosis patients inhibits interleukin-2 production

T. Toge, H. Yamada, K. Aratani, M. Yamaguchi, T. Fujita, E. Yanagawa and T. Hattori — 875 — Reduction of suppressor cell activities of human peripheral blood lymphocytes by a streptococcal preparation, OK-432

H. Mori, M. Mihara, K. Teshima, U. Uesugi, Q. Xu, O. Sakamoto and A. Koda — 881 — Effect of immunostimulants and antitumor agents on tumor necrosis factor (TNF) production

A. H. Esa, P. J. Converse and A. D. Hess — 893 — Cyclosporine inhibits soluble antigen and alloantigen presentation by human monocytes *in vitro*

M. Marcoli, G. Ricevuti, F. Fasani, A. Mazzone, R. Baiguera, L. Tarabini, S. Lecchini and G. M. Frigo — 903 — Assessment of lymphocyte and phagocytic cell function in healthy volunteers undergoing short-term phenytoin administration

S. W. Burchiel, R. R. Pollock, D. G. Covell, G. Fuller and M. D. Scharff — 913 — Pharmacokinetic analysis of biosynthetically radiolabeled mouse monoclonal antibodies in normal rhesus monkeys

R. P. Warren, M. C. Healey, A. V. Johnston, R. W. Sidwell, L. A. Radov, R. J. Murray and C. R. Kinsolving — 919 — PR 879-317A enhances *in vitro* immune activity of peripheral blood mononuclear cells from patients with Down syndrome

M. Ito, F. Tanabe, M. Ogata, M. Miyata, R. Kasukawa and S. Shigeta — 927 — Natural killer activity enhancing substance in normal human serum

A. Merendino, A. Vecchi, F. Spreafico, M. Sironi, F. Borrelli, F. Antonetti, A. Cantelmo and R. Falchetti — 937 — Effect of thymostimulin in models of cell-mediated and humoral autoreactivity and on T-dependent suppression

Short Communication

D. Wiedermann, D. Wiedermannová and J. Lokaj — 947 — Immunorestoration in children with recurrent respiratory infections treated with isoprinosine

Announcement — 951 — The Satellite Symposium (International) on Bacterial Endotoxin

Volume 9 Number 8 (*Contd.*)
